Dear Parents/Carers,

I hope this finds you all safe and well. The children will be missing seeing their friends and I know the staff and I are all missing see yourselves and the children. It will be very special when we are all able to reconvene in nursery and the children can play and learn together. In the meantime I am aware this is an anxious time for many families and I have asked the staff to create an overview for you with some of our planned intended learning for this term.

Please find a curriculum overview attached for some suggested home learning experiences you may wish to do with you son or daughter in the next month. We will send you a further curriculum overview at the beginning of June with new suggested learning activities.

You received prior to the Easter holiday period a letter with a glow log in for your child. This will allow you to access the GLOW teams ELC class page for Reston Primary School. I realise not everyone will have access to a laptop or perhaps your internet connection is intermittent, if this is the situation for you and your family, I suggest you access the school website on: <http://restonprimaryschool.wordpress.com>

You will find the attachments for the activities on here and these are the same as daily activities being posted by ELC staff on the GLOW teams ELC class page.

If you have any questions please do not hesitate to contact me by contacting the school mailbox on restonps@scotborders.gov.uk or by emailing me on Jill.Horsburgh@scotborders.gov.uk .

Thank you for your continued support.

Yours sincerely

Jill M Horsburgh
